Subject: Request for Public Hearing on Revised Version of Proposed Permit for  
Lahaina (Maui) Wastewater Underground Injection Wells

Aloha Nancy,

I am a concerned citizen of Maui. I participate as volunteer doing water quality testing at the Hawaiian Humpback National Marine Sanctuary as well as being a core member of South Maui Sustainability. The issues around our underground injection wells in Maui are complex. I believe that it is important that the decision makers and the public are aware of and understand decisions that are being made by the EPA. I am also concerned that we may be taking steps back in water quality.

Please accept my support of request for public hearings on the Lahaina Proposed Permit.

Mahalo, Kathy
